Re: Expert Witness Recommendation

To Whom It May Concern:

I am pleased to recommend Roger Greenwald, AIA as an expert witness. Mr. Greenwald provided highly satisfactory expert witness consultation for my firm in a recent case litigated in the United States District Court, Western District of New York, for which we are representing the defendants. Mr. Greenwald's dual background as both a licensed architect and a general contractor with a specialty in high end residential design and construction enabled him to provide penetrating analysis debunking spurious claims by the plaintiff. His Expert Report was incisive and clear. He works cooperatively and professionally with counsel, and strengthened our team. I would not hesitate to utilize Mr. Greenwald's services on future cases, and I recommend him to attorneys seeking a licensed architect with general contracting experience in cases relating to high-end residential architecture and remodeling.

Very truly yours,

Phillips Lytle LLP
